**June 2026**

**Vehicle Service Group, (VSG) recently discovered that unauthorized individuals are impersonating representatives of VSG and placing fraudulent telemarketing calls to consumers — including consumers whose numbers are registered on the National Do Not Call Registry. These individuals are falsely claiming to represent VSG and using VSG’s phone number (800-640-5438) as call-back number. In some cases, the callers may also “spoof” phone numbers of use company or employee names to appear legitimate.**

**Please be advised:**

- **VSG has not authorized, and is not in any way affiliated with, the individuals making these calls**
- **VSG does not make telemarketing calls to individual consumers**
- **VSG will never request sensitive personal information, passwords, or payment through unsolicited calls**

**If you receive a suspicious call claiming to be from VSG, or any of its brands, do not provide any personal or financial information. We encourage anyone receiving suspicious calls to contact us through our official channels at [1.812.273.1622 or at [info@vsgdover.com](mailto:info@vsgdover.com)] to report and verify communications before taking further action.**

**VSG takes these matters seriously and is actively working to address the situation. Thank you for your vigilance and continued trust in VSG.**
